

Dear Minister,

I am deeply concerned about the conviction of **Osman Kavala** to aggravated life imprisonment and the sentences of 18 years imposed on **Çiğdem Mater, Mine Özerden, Can Atalay, and Tayfun Kahraman**. Throughout the proceedings, no evidence could be provided that the convicted persons have committed any criminal offences.

I urge you to use your influence to put an end to the unjust prosecution of the aforementioned and to comply with the judgement of the European Court of Human Rights, which called for the release of Osman Kavala.

Yours sincerely,
